

### Grantville's 150th Birthday Celebrations

Thank you to everyone who attended our Grantville 150th Celebrations on the 1st of October. There were many activities enjoyed on the day and celebrations had. Grantville was certainly buzzing with celebratory spirit.

MP Russel Broadbent and local historian Geoff Guilfoil launched the Grantville History Booklet at the waterline library on the day.

GBCA launched four history boards using archival material for the graphics depicting Grantville's history.

### BCSC Update

Business rebates of \$2000 are available for shopfronts until the 23rd of October. Drop-in sessions for this will be held on Phillip Island on October 18th. For more information also see the BCSC website.

Another application for a service station and warehousing has been approved by Council and is proposed to be built on the Bass Hwy at the industrial estate. Grantville Foreshore toilets won't be moved but money has been approved for toilet re design and new toilets including funding for the walking path along the rock wall.

A reminder that BCSC Community grants are still open. The next lot will close in March.

Shelter designs at Grantville Memorial Park have been discussed. Modifications were suggested by committee members. Shirley Egan from BCSC will now be going back to the designer with the proposed changes. More information on this project still to come.

For information on all projects BCSC is undertaking, go to [engage@basscoast.com.au](mailto:engage@basscoast.com.au)

### The Great Witch Hunt

The Great Witch Hunt has commenced and will run for the entire month of October. 64 witches have been sent out throughout the Bass Coast Shire region.

To enter this great draw just purchase your 'Ticket to Hunt' for only \$3 from local visitor information centers and participating businesses, then hunt for the witches and note down on your ticket their unique identification number shown on their sign and then hand back in your completed ticket to go in the draw. All funds raised are 100% returned back into the local community for other projects and events.
